Training and placements

MDS institutions have imparted education to around 9630 girl students. The students who qualified MPHw (F) and MLT have been absorbed as staff nurses in various super specialty hospitals such as

1. KIMS (Krishna Institute of Medical Sciences)
2. Archana Hospital
3. Raja Hospital
4. Healix Hospital
5. Reddy's Lab
6. Various diagnostic centers such as Tesla, Vijaya, Kadila, Medquest, etc.

Graduate students at our college have settled in various IT companies, hospitals, banks & other sectors. Some of them are engaged in other occupations.

Appeal for Assistance in Constructing an Additional Hostel Building:

Introduction:

Mahila Dakshata Samiti (MDS), a registered NGO, operates educational institutions for underprivileged girls, including junior, vocational, degree colleges, and a graduate nursing college in Chandanagar, Hyderabad. Our mission is to empower girls through higher education, particularly those from rural areas and economically disadvantaged backgrounds.

Background:

Established in 1993, MDS has successfully educated over 9,630 students, who have gone on to secure employment in various fields.

Our colleges cater exclusively to weaker section girl students, including orphans, single-parent girls, and those from families engaged in low-income occupations.

We have garnered support from philanthropists, corporations, and public/private sectors.

Objective:

To empower girls through higher education, enable them to become self-reliant and secure employment.

To provide affordable education to girls who would otherwise discontinue their studies due to financial constraints and safety concerns.

Need for Additional Hostel Facility:

The availability of hostel facilities on campus has been instrumental in encouraging girls to pursue higher education.

The current hostel infrastructure is insufficient to meet the growing needs of our growing student population.

To address this, we are seeking financial assistance for the construction of a new hostel building.

Hostel Project Details:

- Proposed hostel building: 1,15,000 sq. feet
- Floors: Cellar, Stilt and 5 Floors
- Facilities: Kitchen | Dining Hall | Conference Hall | 235 Rooms | Lifts | Other Modern Facilities

- Professional construction contractors and GHMC-approved sanction plan
- Facilities: Furnished rooms with study areas, library, dining hall, recreational area, etc.
- Focus on eco-friendliness: Utilization of solar system, rainwater harvesting, waste recycling

Funding:

- 50% of the total project cost has already been received from donors.
- We kindly request your support to bridge the remaining funding gap through donations.
- Donors will be acknowledged with their names prominently displayed within the hostel building based on the quantum of their contribution.
- Private donations and CSR funds qualify for exemption under section 80G of the Income Tax Act.

Appeal:

We sincerely appeal to you to consider supporting our cause by contributing to the construction of the additional hostel building. Your generosity will play a vital role in empowering girls and transforming their lives through education.

Thanking you,

Your sincerely,

Dr. Saroj Bajaj & Trustees
